### GROUND FOR CONSIDERATION:

**MEDICAL / PSYCHOLOGICAL** - For co-op consideration based on medical or psychological grounds a student may be asked to provide documentation for the period of the illness. The necessity for documentation will depend in part upon the length of the illness and the amount of school or work missed during this time. Documentation will always be required in the event of a request for consideration beyond the deadline for the end of a work term or grade submission deadline for the course (work performance evaluation).

**COMPASSIONATE** - Unforeseen circumstances beyond the student's control in either his/her personal or family life may affect performance in co-op activities. Generally, academic commitments will not constitute grounds for co-op consideration.

### CO-OP APPEAL PROCESS:

**DEADLINE TO APPEAL** - A student who is required to withdraw from Co-operative Education has the option to appeal. In the case where a student wishes to apply for re-admission to the program, the **student must appeal** the "Required to Withdraw from Co-op" decision **no later than the 15th class day after notification.**
